

Aetna Better Health® of Michigan

1333 Gratiot, Suite 400

Detroit, MI 48207

Dear Provider:

Now you can help your patients on the Aetna Better Health of MI Healthy Michigan Plan (HMP) achieve better health by completing the required health risk assessment (HRA) together:

- Patient completes parts 1-3
- Your office completes part 4

Completing the HRA ensures that your patients continue to receive the best care and remain eligible for benefits coverage with HMP.

Complete the HRA requirement in 4 easy steps

1. Watch the one-minute video.
2. Get the form online and ask your patient to fill out parts 1-3.
3. Complete part 4.
4. Fax the form back to **1-866-889-7572**.

We know your time is valuable. Because this requirement is so important, you're eligible to receive a \$50 incentive for each new HMP patient. Just keep in mind that the checkup and completed form are within the first 60 to 150 days of enrollment. Providers can receive the incentive if the HRA is received by Aetna Better of Health MI within the members one year eligibility cycle.
